## About Me

Junior Data Scientist with strong critical thinking, mathematical foundation and programming skills. I have strong knowledge in data analytics, computational modelling and data visualisation. Experienced in data analysis and solving real-time problems with machine learning and deep learning models.

## Work Experience

**Private:** 2016 April - 2018 February Math and Physics Tutor

**Internship:** 2018 March - 2018 October Automotive Engineer in the factory ONIKS Tashkent

**Internship:** 2022 September – until now Data Scientist at Data Glacier company

## Educational Background

Sep 2014 – June 2018 Tashkent State Technical University. I am holder of Automatical Engineering diploma.

Oct 2018 – Jan 2020 I continued my study at lazarsky University in economics for master degree but due to quarantine and personal reasons, I had temporarily stopped my study.

Jan 2022 – Sep 2022 at Epicode School as Data Scientist.

## Skills

Python | Pandas | GitHub | BeautifulSoup | Selenium | Matplotlib | Scikit-learn | Pytorch | Spacy  
OpenCV | Streamlit | Django | SQL | HTML | CSS | Docker | BOOTSTRAP | PostgreSQL | Spark

## Certificates

[Epicode Modul0 C1](#)

[Epicode Module0 C2](#)

[Epicode Module0 C3](#)

[Epicode Module0 C4](#)

[Purple-Python](#)

[Kaggle-Python](#)

[Kaggle-Pandas](#)

[Kaggle-Intro Machine Learning](#)

[Kaggle- Intermediate Machine Learning](#)

[Kaggle-Data visualization](#)

[Graduation Certificate](#)

## Languages

English – Fluent, Polish – Basic, Russian – Fluent, Uzbek-Native
